### PROFILE

Experienced Web Developer with a proven track record of creating engaging user experiences and delivering high-quality solutions. Skilled in JavaScript, PHP, and various frameworks such as React.js and Next.js. Adept at full-stack development, having created 20+ websites for global clients with full backend and frontend capabilities. Committed to leveraging innovative technologies and expressing creative skills for personal and organizational growth. Excited to contribute expertise to dynamic teams and advance cutting-edge web applications.

### WORK EXPERIENCE

#### Remote Contract Web Developer

Byra Ltd, UK

2018-2022

- As a Remote Web Developer, I have been actively involved in website development, utilizing my skills in SQL, HTML5, CSS3, Bootstrap 4, JavaScript, Wordpress, and Elementor. Working independently, I have overcome numerous challenges and continuously expanded my knowledge, resulting in the creation of visually appealing and functional websites that have contributed to the online success of various businesses.
- Independently tackling challenges in web development has been a significant part of my journey as a Remote Web Developer. By overcoming obstacles through creative problem-solving and a meticulous attention to detail, I have honed my skills and expanded my knowledge base.
- This experience has not only strengthened my technical capabilities but has also instilled in me a sense of resilience and adaptability when faced with new and complex tasks. By continuously seeking out opportunities for growth and pushing the boundaries of my abilities, I have been able to deliver successful websites that have made a positive impact on the online success of businesses, showcasing my ability to thrive in a fast-paced and dynamic work environment.

#### Software Web developer

Suyati Technologies, Kochi

2016-2018

- Full Stack Developer responsible for website development, utilizing a diverse skill set including SQL, HTML5, CSS3, Bootstrap 4, JavaScript, WordPress, and Elementor
- Independently overcoming challenges and expanding knowledge to create visually appealing and functional websites that contribute to online success of businesses
- Leveraging expertise in front-end and back-end technologies to deliver innovative web solutions that meet client needs and enhance online presence
- Demonstrating resilience, adaptability, and a passion for continuous learning to excel in a fast-paced remote work environment as a Full Stack Developer

#### Junior Web developer

Agileblaze Technologies, Kochi

2013 - 2015

- Assisting in website development, utilizing front-end and back-end technologies to support the creation of user-friendly and visually appealing websites.
